## FUNDACIÓN BIOFÍSICA BIZKAIA / BIOFISIKA BIZKAIA FUNDAZIOA

OFFER – Laboratory Technician (Temporary position)

**It is an essential requirement to be unemployed to be able to have access to this position.**

Publication date: March 8, 2019

Fundación Biofísica Bizkaia (FBB) is a center of excellence on an international level with the main aim of promoting a multidisciplinary program in the field of Biophysics and its application in the areas of Biotechnology and Health.

### **Description of the position offered**

We perform research on protein-protein interaction in the context of nuclear and membrane function. The position is associated with technical support for Biochemistry and Biophysics laboratory, mainly:

- Performing laboratory tests in order to produce reliable and precise data to support scientific investigations.
- Construct, maintain and operate standard laboratory equipment.
- keep up to date with technical developments, especially those which can save time and improve reliability

### **Education and Experience Required**

The candidates should have a degree in Life Sciences (Biochemistry / Biotechnology / Biomedicine), Chemistry or similar. Expertise in protein purification and molecular biology techniques will be appreciated.

**Contact:** Applicants are encouraged to send the next documentation through the Biofisika website contact page (<http://biofisika.org/contact/>), adding the following subject: [*Job Application: 4ITech*]

1. Curriculum Vitae
2. Reference letters (if possible)
3. Document showing unemployment condition

### **Deadline: March 31, 2019**

Please note that due to the large number of applicants expected, it will not be possible to communicate the evaluation results to all the candidates.
